

Testimonials from our Customers

My Husband and I had never seen this style of photography until I became pregnant and started searching for a photographer online. As soon as I stumbled across the Little Angels website, I was hooked, no questions asked. Our maternity session went wonderfully, but our newborn session was the greatest time ever. Tanya was able to capture such beautiful photos of my family in such a comfortable setting. And even allowed us to do a special photo of my Son with the American Flag that his Daddy had flown for him during his tour in Iraq. I will cherish that photo forever! She and Brooke have made us feel like we were part of their family. We always end up talking and catching up when we stop down to pick up our orders. We have received so many compliments on all of our photos over these past few months and we look forward to using the remainder of our Kids Club sessions this first year of Bennett's life.

I am anxious to see what other ideas Tanya can come up with for some additional photos of our Son. In duetime, we will get stationed elsewhere and I know in my heart that we will never be able to find another Little Angels Photo. And it saddens me to think of that. We may just have to make a roadtrip to Utah for photos of the future additions to our family :-)

I work at Nichols Photo Lab where Little Angels does their printing. I see hundreds of photographers' work every day, but only ONE stood out in my mind, LITTLE ANGELS! I wanted them to do my baby's pictures more than anything. I live about an hour away, but they seemed worth the drive after viewing their work. I set up my appointment, finished my session, placed my order and have received more compliments on my "Babies in Bloom" photo than I can count! I have already recommended them to my friends, family and even my pregnant physical therapist!

They are wonderful!

We had a great experience with the Little Angels Photography! They were so patient with our baby. The pictures were so beautiful, it was so hard to pick. We will definitely be back with our future children. Thanks for the memories.

Having my baby photographed at Little Angels Photography was the best photo experience I have ever had. Tanya spent an hour capturing my little baby's personality. She was so patient as I changed my little one's clothes and even let me feed her so we could get her at her best.

It was such a professional, yet comfortable environment. Thank you so much! You've got a customer for life!

Little Angels has taken my daughter Mckenna's pictures twice now. Once when she was a newborn and again when she turned one. Both were very positive experiences. The professionalism and quality are remarkable. People rave when they see her photos. McKenna's pictures are keepsakes that I will treasure for the rest of my life. Little Angels captures those precious little features and gestures so they won't be forgotten. I would give my highest recommendation to anyone wanting quality pictures to keep those memories alive.

I am so thankful for your talent and the time you took to help me have these wonderful treasures. Money permitting I'll be back in a couple years. I've been showing them to all my friends. Everyone loves them.

I have a newborn baby and wanted photographs similar to what I saw in my Celine Miracles book. When I heard about Little Angels Photography I was so excited. I called Tanya to ask questions about the sessions and she told me what to expect with a newborn. I now have photographs of my baby and they are more than I expected. I can't wait to have Little Angels create even more memories for our family to enjoy. I would recommend all my friends and family to have their photographs done by tanya.

Thank you so much for the amazing pictures of Natalie. We framed 3 of them and hung them in her room. Everyone I show them to thinks they're amazing too. We can't thank you enough.

We wanted to say thank you from the bottom of our hearts for the priceless moments you caught for us. Needless to say the elimination process was torture. Our only regret is that we didn't know about you sooner. We tell everyone we know about our wonderful experience with you and we look forward to many more future sittings.
